## Message

I am glad to know that Dr. Ganesh Dass D.A.V. College of Education for Women, Karnal, is bringing out its journal "Gyan Aahuti". A Journal is an important vehicle of communication which creates awareness in the society about the direction in which the institution is advancing. I appreciate your spirit and commitment to make the DAV's Mission a success.

Education has always been very essential for the development of any country. College is a place where destiny of the nation is made, future nation builders are moulded by providing them inputs in the form of various curricular and co-curricular activities. By providing quality education to students, an institution truly helps in strengthening the foundation for the coming generation.

My counsel to all the wonderful young people is to 'keep smiling' as it is free, infectious and can't be taxed. Develop a healthy sense of humor and laugh. Consistent faith in Almighty is equally significant, as there are no problems that cannot be solved with strength and courage, coupled with His blessings,

I congratulate you and your staff for doing such a wonderful service to the society and nation!
